

JASMEETA SARDESAI

Mumbai , India | +917718958607 | @sardesaijasmeeta24@gmail.com | [LinkedIn](#) | [Portfolio](#)

PROFILE

Motivated and adaptable engineering undergraduate with hands-on experience in software development, web technologies, and data-driven applications. Strong foundation in Python, JavaScript, and React, with experience building end-to-end applications and working with structured data. Comfortable translating requirements into scalable technical solutions and collaborating in team environments. Seeking entry-level opportunities in software development, web development, or data-oriented roles.

TECHNICAL SKILLS

- **Programming Languages:**
ABAP, Python, JavaScript, Java, C, C++
- **Web Development:**
React.js, Next.js, HTML, CSS
- **Data & Tools:**
Pandas, NumPy, SQL, MS Excel
- **Version Control & Platforms:**
Git, GitHub, Streamlit, Vercel

PROJECTS

- **Placement Quest – Interview Preparation Platform (React, Vercel)**
 - Developed a web-based platform to assist users with placement and interview preparation.
 - Implemented dynamic UI components using React and integrated APIs for question handling.
 - Focused on clean component structure, state management, and user-friendly navigation.
 - Live Demo: <http://jas-placement-quest.vercel.app/>
- **Expense Tracker – Personal Finance Management App (Python, Streamlit)**
 - Built a personal finance application to record, categorize, and analyze expense data.
 - Implemented structured data handling, category-wise classification, and period-based summaries.
 - Developed interactive dashboards for expense visualization using Python libraries.
 - Live Demo: <https://jasmeeta-expense-tracker.streamlit.app/>

EXPERIENCE

- **Frontend Developer Intern – Violet Designs:** December 2023 – January 2024
 - Designed responsive UI components using React.js, HTML, CSS, and JavaScript.
 - Collaborated with designers and developers to convert requirements into functional interfaces.
 - Gained experience working in an Agile development environment.

CERTIFICATIONS

- **SAP Certified Associate Developer – ABAP with SAP S/4HANA (C_ABAPD_2309), 2025**

TRAINING

- **SAP ABAP Training – Feligrat Institute (May 2025 – July 2025)**
Hands-on training focused on Internal Tables, Modularization, ALV Reports, CDS Views, OData, Adobe Forms, Debugging, and Performance Optimization.

EDUCATION

- **B.Tech (2022 – 2026)** – St. Francis Institute of Technology
- **Senior Secondary, Science (2020 – 2022)** – Rustomjee Junior College
